May 26, 2006

---

In the Matter of

Docket No. DEP-05-1226

File No. 28-1659

Symes Development, LLC,  
Requester

---

Gloucester

**FINAL DECISION**

I adopt the recommended final decision of the Administrative Magistrate, noting only that the identification of the portions of the site were inadvertently reversed. The switch of western and eastern apparently occurred because the plan is oriented with north pointing down, causing west and east to be reversed. As the text of the recommended decision confirms that there was no error as to the portions of the site referenced, I find this oversight without consequence for the discussion of the testimony or the disposition. I also accept the plan of record as revised on February 21, 2006 to show additional wetlands.

The parties to this proceeding are notified of their right to file a motion for reconsideration of this Decision, pursuant to 310 CMR 1.01 (14)(d). The motion must be filed with the Docket Clerk and served on all parties within seven business days of the postmark date of this Decision. Any party may appeal this Decision to the Superior Court pursuant to M.G.L. c. 30A, §14(1). The complaint must be filed in the Court within thirty days of receipt of this Decision.

This final document copy is being provided to you electronically by the Department of Environmental Protection. A signed copy of this document is on file at the DEP office listed on the letterhead.
